Focusing all of our Resources

New Product Development

DESTACO has dedicated resources to design and build the next generation of products and solutions

Customer and Technical Service

DESTACO has industry leading global support to address any product and application concerns you may have

Design Tools

DESTACO provides an extensive CAD library, sizing software, and online tools to support our global customers

Our Insight Working for You

Application Engineering

We utilize our expertise and complete portfolio of products to create solutions that fit our customers' needs and applications

Custom Solutions

If our off-the-shelf solutions don't fit, we will partner with our customers to develop products that will

When an off-the-shelf product can't handle it - we can!

With many years of experience working with OEM machine builders, we can make our product fit your unique application. We will partner with you to design the right product for your application – from altering an existing product to building a completely new product, we have the experience and expertise to help your project succeed.

Using our expertise to develop custom solutions for unique applications, DESTACO helps you save time and resources, allowing you to focus on your core business and gain a competitive advantage in the marketplace.

- Proven quality from the experts
- Reduce risk by using our experienced engineers
- Easy reordering with unique part numbers
- Simplify your supply chain
- Three levels of customization from simple alterations to complex custom products

AUTOMATION PRODUCTS - ROBOHAND GRIPPERS, ROTARIES AND SLIDES

OEM Products 

Electric Parallel Grippers 

Parallel Grippers 

Angular Grippers 

Special Grippers 

Rotary Actuators 

Linear Slides 

Feed Escapements 

ROBOHAND

AUTOMATION PRODUCTS - CAMCO SERVO AND MECHANICAL POSITIONERS

Servo Positioner Rotary Tables 

Mechanical Dial Drives 

Mechanical Index Drives 

Ring Drive Dial Indexer 

Part Handlers
